Global's Fundraising Campaign #10 for CHEO The Results are in!

Greetings Global Colleagues,

I am so pleased to report that our 10th fundraising campaign for CHEO, launched in October 2024, has now wrapped up with a *fantastic* result: we raised another **\$6,000** for CHEO's **Child Life Department**.

This money will be put to valuable use by CHEO's Child Life specialists in their inspirational work supporting children in a medical environment, work which requires highly customized tools, toys and resources.

We raised this money in many inventive ways across the agency, including pizza lunches at Forest Valley and Trillium, a pasta lunch and a holiday raffle at Fallingbrook, a March Break hot lunch at Forest Valley, and a pancake brunch at Trillium, in addition to two significant fundraising initiatives.

The *big hitters* of this campaign are our team at **Winterwood Child Care Centre**, which raised an impressive **\$1,115** from its holiday wreath fundraiser in December 2024, and our team at **Fallingbrook School Age Program**, which recently held its wonderful Spring Market for CHEO on April 5th, raising a *stunning* **\$3,506!**

Across ten campaigns, Global has now raised **\$70,768** for CHEO.

For your tireless and enthusiastic efforts in coordinating fundraising activities, and for your generosity and community spirit in supporting these initiatives (along with the children and their parents), I salute you and I thank you.

The Global team is second to none.
